

NIVIDIC 550

RIB'S ALUMINIUM HULL

The **NIVIDIC 550** is a semi-rigid boat built in aluminium, both robust and light, which will give you unforgettable moments at sea.

Its deep V hull and hull design provide excellent seaworthiness that will give you confidence in the most difficult conditions.

The **NIVIDIC** will allow you to go for a day trip with friends or family.

The **NIVIDIC 550** has all the necessary equipment; a steering console with a large locker and adjoining seat, a bolster seat with several storage compartments, a triple rear bench seat, a roll bar ski, an EVA deck covering, a ~50L gas tank, a bilge pump, a hydraulic steering system and a mooring locker.

This boat is available in thermo-welded Valmex® PVC from the German company Melher or in HYPALON fabric.
